

A combination of choices

Each choice has its own constraints (runtime consts)

A blue arrow points from the right side of the choice bar to the top of this table, indicating that the combinations are sent to a client program.

0	1	4	2	3	4	5	6	6
0	1	4	2	3	4	5	6	7
0	1	4	2	3	4	5	6	8
\dots								

A client program receives combinations one-by-one without storing anything
